- 15" Multi-touch Display
- BRM Recycling Module
- Windows® 7 / 10 Ready
- DIP Card Reader
- Recessed EPP (PCI Compliant)
- Consumer, Cash & Pocket Camera

KEY VALUES

CONNECT

The SE Cash and SE Recycle give consumers an intuitive way to interact with financial institutions through convenient ATM interactions in high footfall locations.

PERFORM

Optimized to ensure that consumers need for cash is satisfied. Software enabled features ensure financial institutions can better manage their ATM estate ensuring availability of the highest possible level.

SECURE

Protecting the media in the ATM is key to protecting the investment the financial institution has made in the ATM channel. These ATMs have "security designed in" leveraging over 40 years of experience to protect the ATM against the risk of attacks.

WHAT MAKES THE NCR SELFSERV SE CASH AND SE RECYCLE DIFFERENT?

Re-focusing on the primary interaction of the consumer at the ATM

- Designed to be approachable
- Simple and aesthetically pleasing

External lightness. Internal robustness

- Familiar tablet-like interface with 15" multi-touch display
- Simple and intuitive interactions

Upgradeable and Configurable

- A future-proofed ATM platform
- Enabling quick and efficient upgradeability

SIMPLY CONNECTING CONSUMERS WITH CASH
