

NCR SelfServ™ SE Recycle

INTERIOR FREESTANDING CASH RECYCLING ATM

Today's ATM market brings new challenges for financial institutions, from increased consumer expectations, to ATM network security. However, one constant is consumer demand for cash which continues to increase year on year. With the introduction of new technologies, the ATM channel remains as relevant as ever in today's omni-channel environment.

SelfServ SE Recycle allows FIs to expand their customer reach to serve individual consumers, commercial and small businesses. Large volume transactions for both cash deposit and dispense are now part of the self-service channel.

The SE Recycle has been designed to enhance the consumer experience, reduce costs and generate revenue. It does so by allowing you to: Connect with your customer, Perform better than ever before, all whilst increasing ATM Security.

SIMPLY CONNECTING CONSUMERS WITH CASH
