

# MANAGEMENT REPORTING WITH OPTIREPORTS

EMPOWERING YOU TO MAKE FASTER DECISIONS THROUGH INTUITIVE, INTERACTIVE, TIMELY AND MOBILE-READY DATA VISUALIZATION.

## MANAGEMENT REPORTING AND DASHBOARDS THAT YOU CONTROL, CREATE, AND PERSONALIZE, WHENEVER AND HOW OFTEN YOU LIKE.

Your organization requires timely, result driven decision-making, whether that be by your operations staff or management. NCR was looking to enhance the already rich library of Cash Management reports currently available with a reporting option that would allow for the creation of interactive and dashboard style reporting. It had to be intuitive, requiring little or no Developers skills. In addition to that, the reports had to be exportable and viewable through multiple smart devices.

After careful research, NCR turned to TIBCO's JasperSoft® solution that did all that plus much much more. Through this joint collaboration, OptiReports is the final result which now combines the power of JasperSoft's report creation and delivery capabilities with the data knowledge of NCR's Cash Management solutions.

Through this enhancement, you can now enjoy reporting modularity, scalability and flexibility. **The only limitation is your own creativity.**

**OptiReports**, is an add-on module to NCR's Cash Management solution, OptiCash®. Through the deployment of OptiReports, your organization will automatically receive an assortment of reports, including ad hoc as well as dashboards specifically designed to provide you the basis to begin creating your very own library of reports. In addition, you will be granted access to a common library where users around the world will continue to populate and share amongst the OptiReports community.

### **OptiReports Benefits Include:**

- multiple reports and dashboards pulling in data from OptiCash
- complete offer inclusive of implementation and training
- user access to a myriad of support material through TIBCO's software community
- unlimited user logon ids

OptiReports has been designed with a hassle-free implementation inclusive of a library of reports purpose-built for your everyday.

Management reporting is key to driving performance. On that basis, NCR continues to build synergies within the Channel Management solution offering in order to leverage the learnings of a single reporting platform. Further benefits arise through the availability to capture hardware related incidents, transaction faults or cash related events and create a reporting view of the entire network regardless of the type of fault. At a glance, you will have the right tools at hand to view your total ATM network performance.

OptiReports creates the visuals needed to effectively manage your cash operations ensuring that consumer demand is being met at the lowest possible cost whether that is for the ATM, branch, commercial customers or managing vault inventory.

OptiReports allows you to:

- Create unlimited business views
- No need for developer resources
- Automate scheduling and report delivery
- Select from a wide-range of export formats (PDF, CSV, PPT, Excel, HTML)
- Reports can be interactive
- Reporting library access

### **Interactive dashboards**

- Interactive HTML charts with engaging visualizations
