

NCR SelfServ™ 22e

COMPACT INTERIOR FREESTANDING CASH DISPENSER

CONNECT YOUR CUSTOMERS TO THEIR CASH

Whether in bank branches or in off-premise locations, the SelfServ 22e is designed to deliver cash to your customers simply, securely and reliably. Ideal for any indoor area, the SelfServ 22e has a compact footprint making it easy to place in locations where

you can serve your customers best. Even when those locations are busy the SelfServ 22e will continue to dispense cash because it's been designed to handle the highest of transaction volumes.

Proactively fixes itself

Keep your ATMs up and running, offering your customers the transactions they want, when and where they need them. NCR's express recovery and self-healing technologies reduce downtime from hours to minutes—making your ATMs available around the clock.

Keeps you informed

Successful network management is about having the right information at your fingertips. NCR SelfServ ATMs provide data in real-time on configurations, software versions and the activity levels of each module. So you can see, understand and control your entire network—and make more empowered decisions.

Inspire trust in your ATM network

The SelfServ 22e is designed to defend against known and unknown fraud attacks, even before they start. Ask us about our multi-layered approach to ATM security including logical and physical solutions. For example, Solidcore Suite for APTRA™ protects against the execution of unauthorized code on your ATM network and our Skimming Protection Solution protects cardholder data from card skimming attacks.
