

# NCR CONNECTED PAYMENTS

## IS YOUR BUSINESS PREPARED TO HANDLE THE FUTURE OF PAYMENTS PROCESSING?

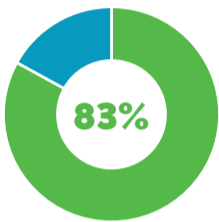

NCR Connected Payments offers a winning combination of flexible, secure transaction processing in the cloud. Backed by the longevity and strength of NCR, our solutions deliver leading-edge innovation to support emerging payment trends.

### SECURE CUSTOMER DATA, FROM PIN PAD TO PROCESSOR

NCR Connected Payments helps to secure your customers' personal data. NCR has a long track record of managing data with the highest levels of security through the entire transaction flow from the earliest point in the interaction, starting at the PIN pad device, to the host processor.

#### NCR RANKED #1 IN NORTH AMERICAN STORE SYSTEMS STUDY

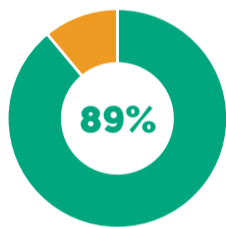

Consumers view using connected devices as a way to eliminate friction from how they buy and pay for things—both on and offline.<sup>1</sup>

### MAXIMIZE ROI WITH FLEXIBLE OPTIONS

NCR Connected Payments integrates with multiple credit card processors, PIN pad devices, and can integrate to Windows-based POS applications. Therefore, your long-term investment in our payment solution can adapt as your business evolves.

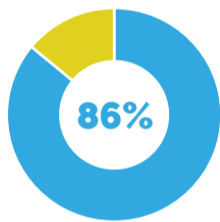

Merchants think the ability to accept more payment types would be beneficial to their business.<sup>2</sup>

#### NCR FACILITATES 700 MILLION TRANSACTIONS EVERY DAY

### MAINTAIN PCI COMPLIANCE

NCR Connected Payments stays ahead of the everchanging PCI requirements. Our Software as a Service model allows for flexibility to help ensure your solution remains secure and compliant, offering you peace of mind that you don't have to manage the complexities of PCI compliance on your own.

Merchants feel security mandates affect payment options.<sup>3</sup>

### ADAPT QUICKLY TO EVOLVING TRENDS

Rapidly enable new payment methods and enrich the customer experience by unifying the physical store with e-commerce and mobile strategies within a single payment solution.

#### TAKE CONTROL OF PAYMENTS WITH NCR CONNECTED PAYMENTS

- SOFTWARE AS A SERVICE
- REMOTE SOFTWARE UPDATES
- ENTERPRISE DEVICE MGMT
- TOKENIZATION
- RELIABLE UPTIME
- PCI-DSS COMPLIANT
- P2PE
- COST-EFFICIENT

#### WHY CHOOSE NCR

There are many payment processing options, and it's a smart decision to choose the right partner to support your long-term growth. NCR helps you stay ahead of the competition by simplifying your systems transformation in a constantly changing digital world with the confidence of a trusted solution—NCR Connected Payments.

### GO THE DISTANCE WITH NCR CONNECTED PAYMENTS

As emerging technologies are constantly evolving, retailers must plan for changing modernization to continue their success. The future of payments is now, and NCR is here with you.
