

# I AM NCR ADVANCED SERVICES

Data center server virtualization

## A platform for today and tomorrow

In today's competitive environments, being able to quickly deploy new solutions and services requires a robust and flexible data center. Let us help you design the data center you need – now and in the future.

### Enable new solutions and services

Today's data centers must support everything from email to ERP to consumer applications in the office, at home and on the go. To meet these demands, you need a flexible architecture that maximizes both your hardware investment and the staff that runs it. With NCR Advanced Services: Data Center Server Virtualization, you get a team of experienced professionals that can help you design, build, operate and optimize your future data center.

### Successful delivery, every time

NCR Advanced Services leverage the E3 Global Delivery Methodology for every engagement. This serves as the foundation for how we scope, qualify and deliver our industry-leading solutions to ensure we deliver the best business result, every engagement, every time.

For more information, visit [www.ncr.com](http://www.ncr.com), or email [telecom@ncr.com](mailto:telecom@ncr.com).

### Fully tested, robust solution

We'll start by helping you understand your current usage, future requirements and industry best practices. Based on your needs, we'll develop and implement a detailed design built on the latest trends and design principles. Finally we'll help you optimize the solution that so that it keeps pace as your requirements change.

## Why NCR?

NCR Corporation (NYSE: NCR) is the global leader in consumer transaction technologies, turning everyday interactions with businesses into exceptional experiences. With its software, hardware, and portfolio of services, NCR enables more than 485 million transactions daily across retail, financial, travel, hospitality, telecom and technology, and small business. NCR solutions run the everyday transactions that make your life easier.

NCR is headquartered in Duluth, Georgia with approximately 29,000 employees and does business in 180 countries. NCR is a trademark of NCR Corporation in the United States and other countries.
