

Mobile and Tablet Remote Deposit Capture

Give your customers the freedom to deposit checks anytime, anywhere using your Mobile and Tablet Banking Apps for Apple® and Android™ devices.

Financial Institution Benefits

Expand Market Reach – Service more customers without geographic limitations. Deposits can be received even in areas where there are no branches.

Compete with Big Banks – Offer the same innovative technology as your larger competitors.

Simplify Deposits – Deepen your customer relationships with faster service and added convenience.

Reduce Costs – Reduce the administrative and paper costs associated with in-branch, mail and ATM deposits.

Customer Benefits

Enjoy the Convenience – Make deposits day or night, from virtually any location.

Save Time – Eliminate a trip to the branch or ATM. No more waiting for a deposit by mail to clear.

Expedite Funds – Receive immediate access to funds if deposit credit is available.

Deposit with Ease – Make quick, successful deposits using the intuitive user interface.

- Celent expects RDC to account for a third of retail bank deposits by year-end 2015 and half by 2016.¹
- 57 percent of consumers that use mobile banking, use mobile remote deposit capture.²
- 8 in every 10 consumers are satisfied with mobile remote deposit capture.²
- 24 percent of high-income mobile bankers (>\$100K) make, at least, five mobile deposits per month.²
- 43.93 percent of consumers would use mobile remote deposit capture if the feature were made available to them.³

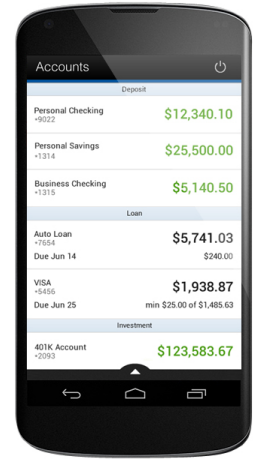

Financial Institution Features

Seamless Integration – Smooth unification with your existing Mobile Banking Apps.

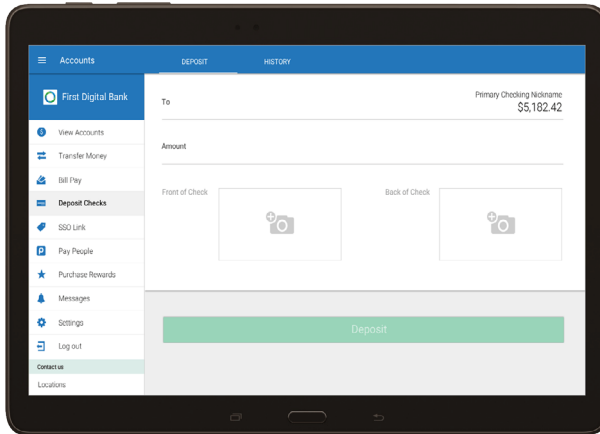

Enhanced Security – Includes a Web-based administration tool that enables risk and funds-availability management, and offers customizable permission levels for risk and security.

Smart Transaction Protection – Safeguards transactions with extensive fraud-prevention algorithms and checks.

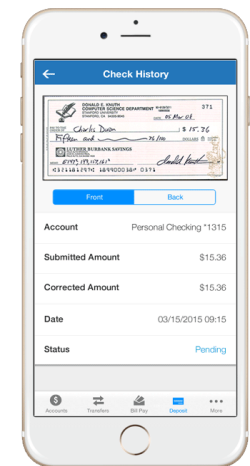

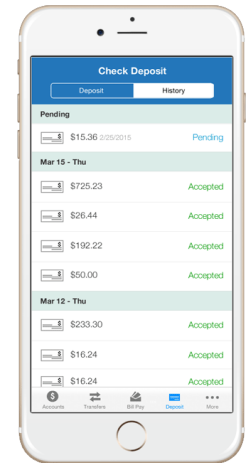

Mobile Reporting – Track mobile deposits and other actionable mobile banking data.

Android Interface

Android Tablet Interface

iPhone Interface

Customer Features

Instant Access – Provides one-click access within the Mobile Banking App and requires no additional downloads or installs.

Easy to Use – Simplifies deposits with an intuitive user experience that requires only a few taps and camera clicks.

Simple Transaction Management – Generates a transaction confirmation to easily track deposits.

Complete Deposit Security – Protects information with the same security as Online Banking and allows customers to keep their checks.

Drive Adoption and Active Use
