## SCALABLE PLATFORM

The opportunity for restaurants to capitalize on these changes requires a flexible and highly scalable platform. The very foundation of our roadmap is centered on a platform that connects restaurant consumers/guests with on-premise restaurant technology.

## FASTER THAN EVER

The technology landscape is changing faster than it ever has before. Speed to market with new ideas is critical for any business in this environment.

## **YOU ENABLE US**

Technology/Solution Partners and Channel Partners are an integral part of the NCR family. You enable us to serve more customers, in more places, with innovative, market leading solutions.

## **THANK YOU**

Thank you for being on the journey with NCR. It's an exciting time to be an NCR channel partner- we are committed to your success.

## **YOUR FEEDBACK**

We listen and need your input to continually improve our partner program and ability to serve our mutual customers.

## **POS AT THE HEART**

It is incredibly important to ensure the NCR Aloha solution being deployed is modern, easily supportable, secure and ready for the pace of change in the industry and the POS is at the heart of everything we do.

## **NEW RELEASES**

Keep your customers current on software maintenance to ensure you and they have access to all of the new features and capabilities we are adding to our solution every release.

## **BEST EXPERIENCE**

With the huge surge in omni channel orders coming into restaurants taking the order is no longer the barrier to the order entry process. The kitchen and the operational efficiencies needed to compete and give consumers the best experience and best food is critical.
