

DIGITAL CONNECTED SERVICES NCR HOSPITALITY SERVICE DESK

OMNI-CHANNEL SUPPORT

GET ALL OF THE HELP YOU NEED IN ONE STOP

Your success is largely dependent upon the reliability of the technology solutions that support your retail business. However, if at any point a problem does occur with your technology, an efficient process to resolve is imperative. Depend on NCR's Hospitality Service Desk to provide the resolution efficiency you require with the simplicity

of placing one call to resolve the issue regardless of the vendor. As your single point of contact with the expertise to solve your technology issues, we make it easier for you to keep your business systems up and running, allowing you to focus on your core business.

Simplified Service Desk Management

NCR offers multiple channel access to industry and solution experts with the breadth of knowledge to support NCR and multi-vendor retail technology. NCR Hospitality Service Desk provides you with an end-to-end solution that leverages our retail technology expertise to resolve issues with accelerated speed so that the impact upon the consumer experience is kept at a minimum. Simplifying your resolution operations is an additional benefit that adds to increasing overall system availability when needed.

To speak with someone or for more information, visit us at [ncr.com/retail/services](https://www.ncr.com/retail/services).

A proactive approach to issue resolution

NCR Hospitality Service Desk takes an industry-leading proactive approach with real-time monitoring and management to diagnose issues with speed and accuracy. Experience an increase in first-call resolution and first-visit resolution leveraging our remote resolution capabilities and our intelligent dispatch which provides technicians the insight required to help resolve issues upon arrival.

Gain insight into your business operations

Know your business options with a defined cost of support, while receiving data and reports about your IT operations. Standardized or custom reports can be generated and accessed online via the MYNCR web portal. MYNCR also allows you to obtain real-time status

of an open incident as well as steps taken to resolve the incident. With insight into your self-service environment, you can zero in on problem areas and make decisions about continuous improvement activities needed to evolve your business and customer service.

A flexible solution to fit your unique needs

Whether you are a regional, national or international operation, NCR Hospitality Service Desk is there for you. NCR's global network supports over 5 million managed service incidents annually from our global Customer Care Center locations. NCR's people, processes and tools can support temporary or long-term increases in call volume. NCR Retail Service Desk will help you plan, implement, deploy and support your new and existing technology needs as you require.
