

NCR Convenience Bundle

Simple, made possible™

Your customers count on you, whether it's a quick fill-up at the pump or grabbing a hot meal that's made to order. And today, they expect even more – data privacy, self-service options, and more control over their shopping experiences. NCR helps you run the whole store, from the POS to the forecourt, and deliver superior experiences with every transaction. We offer the industry's most reliable POS with optional modules depending on your needs, so you can succeed today and be ready for whatever the future brings.

Store and Fuel Management (Base Package)

NCR RPOS offers world-class reliability to serve your customers. We help simplify daily operations and make it easy for you to serve your customers quickly, with an intuitive user interface that requires little associate training. Built upon an open platform, we give you the flexibility to respond to market disruptions and the scalability to grow with you as your business evolves.

- Unmatched reliability, speed and uptime
- Open and agile platform to run the whole store
- Secure, E2EE and EMV-compliant payment processing
- Sleek, touchscreen POS with peripherals included
- Fast and secure fuel transactions supporting the major pump brands

Contact your local NCR certified partner for more information.

Optional Add-on Packages

Self-Checkout Package

The demand for self-service has never been greater. Not only does self-checkout help smooth store labor needs, it can get customers in and out of the store quickly and limit direct contact between your customers and associates.

As the global leader in self-checkout, we help you deliver an exceptional self-service experience that has high adoption rates since it's so easy to use.

87% of shoppers prefer to shop stores with robust self-checkout solutions

Source: Retail Dive, April 2020

75% of customers are more likely to use self-checkout at c-stores

Source: Censuswide C-Store IT Survey, May 2020

Self-Checkout Benefits

- Reduce checkout lines and speed the checkout process
- Give customers more control over how they shop
- Repurpose store labor to higher-value tasks
- Support cash transactions with automated cash management capabilities
- Promote social distancing and reduce direct contact with associates

Optional Add-on Packages

Foodservice Package

Foodservice continues to grow faster than other categories, as c-stores gain market share over quick-serve restaurants. NCR foodservice technology is the best in the business so you can stand out from the rest. We give you the tools to improve speed-of-service and accuracy, no matter how custom the order, even during peak times. Our integrated foodservice package includes a kitchen controller with bump bar, kitchen display, customer self-ordering kiosk and kitchen printer.

- Integrated with self-service ordering from kiosks, pump terminals and mobile apps
- Robust kitchen management has intuitive interface to speed up fulfillment and accuracy
- All orders are managed using dynamic load balancing to prevent bottlenecks
- Ordering interface encourages upsells and customization for a personal touch
- Open APIs can integrate with 3rd party delivery services to grow off-premise sales

Foodservice is the highest-profit center in-store, bringing in 36.4% of profit dollars at 22.6% of overall sales.

Source: NACS SOI Report 2018

Foodservice sales grew 5% in 2019, double the rate of overall c-store revenues. Foodservice operators brought in approximately \$10,000 more per-store in 2019 than in 2018.
